

The background of the entire page is a photograph of three young adults (two women and one man) sitting around a table in what appears to be a meeting or study session. They are all smiling and looking towards each other. The image has a semi-transparent red overlay. The text is centered over the image.

## Why BDO NI...

BDO Northern Ireland is an accountancy and advisory firm based in Belfast city centre has been in operation for 35 years.

Whilst part of the BDO Global network, BDO Northern Ireland is an independently owned partnership and we specialise in helping local businesses, whether start-ups or multinationals, to grow. Our approach to how we do business is what differentiates us from other accountancy networks in Northern Ireland and further afield. #SupportingNIBusinesses

Here at #TeamBDO we do everything we can to optimise our employees' careers giving them the opportunity to build business relationships with some of the most influential business leaders in the province and gain experience across different industries. In addition, as part of #TeamBDO, you will get to know and work with colleagues from different departments and have one-to-one interaction with our Partners.

Our unique 'Agile Working Framework' supports our employees to have a sustainable work life balance and sees the end of the traditional 9-5 working day, replacing it with a more flexible hybrid model which gives our people the authority to manage their own working day.

## The MAcc Work-Research Project

Work and complete your research project your way.

We offer a range of flexible working options to enable you to combine your dissertation study alongside the work you are completing on your placement with BDO Northern Ireland. So there is no need for the pressure of completing your research and write up at the end of your final semester.

On top of that we offer one-to-one support in choosing your dissertation topic on a relevant up-to-the-minute topic and practical guidance as you write up at each stage.

Audit Junior

“

BDO Northern Ireland's strong links to the Queens Business School makes it a perfect firm to complete your placement. Thanks to the expert in-house training offered, you'll be equipped with the skills needed to start contributing to audit engagements right away. Not only will you get to work for a wide variety of clients across various industries, but you'll also get the chance to see concepts and processes you've learnt about in your degree put into practice.

I've personally appreciated the strong support offered by those within the firm when it comes to achieving my chartership. Staff have been extremely generous in offering time and support to me whenever I'm completing my studies and I have no doubt that they will offer you the same support as you complete yours.

Completing a placement with BDO Northern Ireland will equip you with sought after transferable skills and an enhanced technical knowledge which will serve you well as you embark on your career journey.
